eLAC-2007 is a set of measurable objectives related with the development of the Information Society in LAC region.

It was the result of the Regional Conference of Governments, in 2005 (Río de Janeiro).

eLAC-2007 includes 70 goals.

LACNIC has activities that directly contribute with the achievement of 25 of the eLAC-2007 objectives.

As a result LACNIC is an active actor in the development of the Information Society in our region. We promote strongly in any fora the multi stakeholder model of the Internet Governance.
